

LETTER OF RECOMMENDATION

BOHDAN MYKHAILOVYCH DANYLYSHYN is a well-known politician and scientist. His scientific developments on topics of sustainable development and the regional economy are known not only in Ukraine, but also abroad.

He had a significant impact on the development of science in Ukraine, being the director of the Council for the Study of Productive Forces. He fought for a decent future for Ukraine, being the Minister of Economy of Ukraine. Bohdan Mykhailovych raised a large scientific school in Ukraine and also was invited as a professor to foreign universities to transfer the accumulated knowledge and skills.

Bohdan Mykhailovych is a good crisis manager who is able to revive National Academy of Sciences of Ukraine, reform it and bring it to a new level of development in the global scientific community. Therefore, we recommend his candidacy for the post of President of the NAS of Ukraine.
